**How did you start your career?**

I started with an internship which aimed to show me how a big company works.

**Why did you choose a career at Recordati?**

I’m very interested in the field of Health and this career gives me the opportunity to gain more experience within the health sector itself in different countries.

**What is your current role/duties?**

Coordinating different parties and Project Controller.

**In your opinion, what are the qualities necessary for a successful career at Recordati?**

Sacrifice: you have to continue learning new things, new subjects... you have to face problems you didn’t even know existed.

**What are USI’s positive features and qualities?**

USI teaches you how to work in a team, how to solve a problem, how to face a task and bring it to an end. In this way you are well prepared to enter the job market.

**What competences and/or skills acquired in your USI Study Program have been useful/are useful to your professional career?**

The study program has prepared me not only to pay attention to the needs of the patients but also to those of other stakeholders: customers (applying what I have learned through my MBA in Marketing at Virginia Tech), shareholders (being able to read and analyze the company’s balance) and colleagues (using the methods applied in the Organizational Behavior course).

**What is your advice to USI students entering the job market?**

Never give up! And continue looking for new opportunities all over the world.
